

シンポジウム（指定された演者のみ）

Symposium (Designated speakers only)

- SR-01 Advances in Cellular and Molecular Signaling in Response to Internal and External Stimuli from Algae to Plants
- SR-02 Recent Advances in the Regulation of Photosynthetic Electron Transport and the Roles of Alternative Electron Flows
- SR-03 Nuclear Architecture as a Scaffold: Structural Views on Gene Regulation and Cellular Function in Plants and Beyond
- SR-04 Priming and Memory of Plants in Facing Environmental Changes
- SR-05 Underlying molecular antagonisms as drivers of plant diversification and ecological adaption
- SR-06 Frontiers in Developing Climate-Resilient and Socially Accepted Plants
- SR-07 Unlocking New Frontiers in Plant Physiology with Mass Spectrometry
- SR-08 植物の構造とシグナルの非対称性 Asymmetries in plant structure and signaling
- SR-09 Advances in Engineering and Regulation of Plastids and Photosynthesis
- SR-10 Next-Trend of Plant Biology in Japan and Taiwan
- SR-11 Frontiers in Plant Science Revealed by Space Environments: From Molecular Mechanisms to Future Horizons
- SR-12 ASPB-JSPP Joint Symposium – Plant resilience and plasticity powered by dynamic cellular responses

「SR」で始まる番号は、仮の番号です。正式な番号は、後日公開されるプログラムでご確認ください。

Please note that numbers starting with 'SR' are provisional. The official numbers will be available in the program to be released later.

受賞講演（指定された演者のみ）

Award lecture (Designated speakers only)

- 学会賞 JSPP Award
- 奨励賞 Young Investigator Award
- PCP Best Paper Award
